

Bay State College

Where Your Success Matters.

The Board of Trustees voted to permanently close Bay State College at the end of academic year 2022-2023. The College will provide academic, support and transitional services to students through August 31, 2023. Following an orderly transition, classes will **not** resume in Fall 2023.

Bay State College is still committed to doing everything possible to ensure that its students (current & former), faculty, and staff have access to important information going forward. Bay State College signed agreements with several area universities to provide program completion pathways to Bay State students, often with enhanced transfer and other opportunities; those agreements are available on [the Academic Pathways page](#).

For any questions regarding transcripts, please contact us: transcripts@studentclearinghouse.org or call (703) 742-4200

Please check back for further updates and information.
